

## **Course description, Kid's 2K, LR-S 2017**

All events use the same start and finish, located at the northeast corner and driveway access to the Soccer Park. Begin heading north on the soccer park access road. At 300 meters, turn right onto the sidewalk, then right again on the paved path. Continue south on the path.

Just past the 1 k mark, turn right onto the crushed gravel path that heads west. The course proceeds for just over 200 meters on this path before turning right onto the path in the grass marked by orange pylons. This path turns right and proceeds back to the paved path at 1.42 km and turns left to head back to the finish. Keep to your left whenever meeting oncoming runners.

Continue north to the crushed gravel path where you turn left. Continue to the soccer park access road, and then turn left again onto the access road to the Soccer Park and the finish line.

Be aware of your surroundings. If wearing headphones, keep the volume low so you can hear what is going on around you. Do not group up and block the course. Allow faster participants to pass.

Course cutting (running off the course to gain a distance advantage) is not permitted. Anyone doing so may be disqualified.
